

Conference Objectives

Provide a forum to:

- 1. Support the gathering of data on potential alternatives to methyl bromide for future evaluation and prioritization.**
- 2. Enhance technology transfer processes and incentive programs needed to implement methyl bromide alternatives.**
- 3. Enhance scientific information and data exchange regarding current research on methyl bromide alternatives and emissions reduction.**
- 4. Have interdisciplinary scientific exchange on methyl bromide alternatives and related issues.**
- 5. Develop and distribute conference proceedings as an information source on state-of-the-art methyl bromide alternatives for use by Researchers, Users of Methyl Bromide, Legislators, Government Policy Officials, and all other interested parties.**
